Summary

Computer science graduate from ASOIU. I have been working on myself for many years now. In these years I have learned multiple skills in a good level and worked on some projects with teams. These experiences helped me to become a great researcher and being able to learn the time management and improve my other soft skills as well.

Education

Web Development Bootcamp

Algorithmics Global

02/2022 – 06/2022 | Baku, Azerbaijan
